

5 Reasons Why Our Temporary Inflatable Structures are the Safest in the Industry

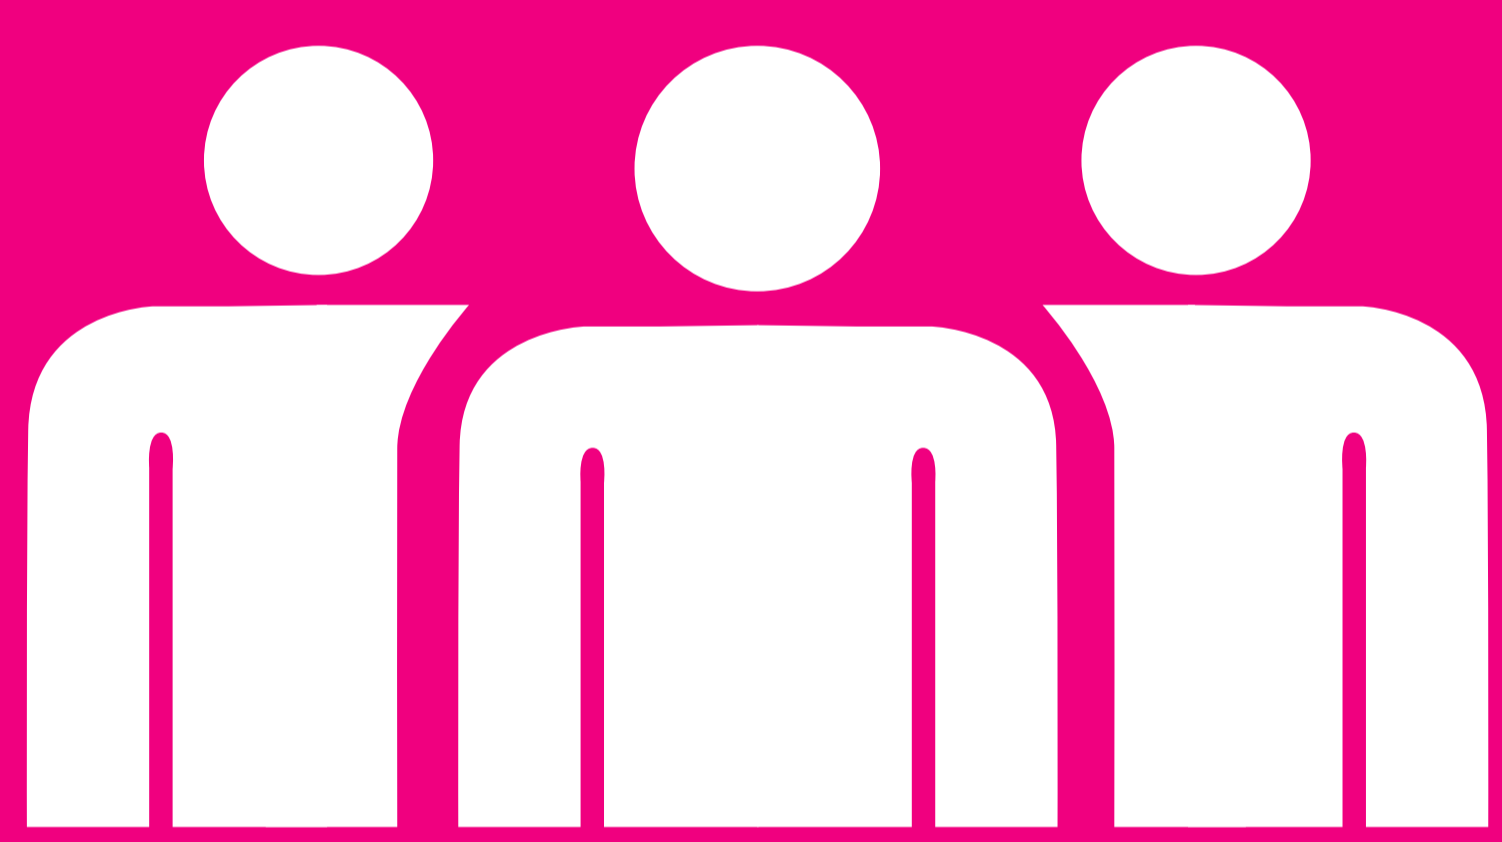

55 mph Wind Rating

All of our outdoor structures are wind rated to 55mph, giving you the peace of mind that your event won't be affected by inclement weather.

Air-beam Structures

Our sealed air-beam structures means that they will stay up in the event of a power failure.

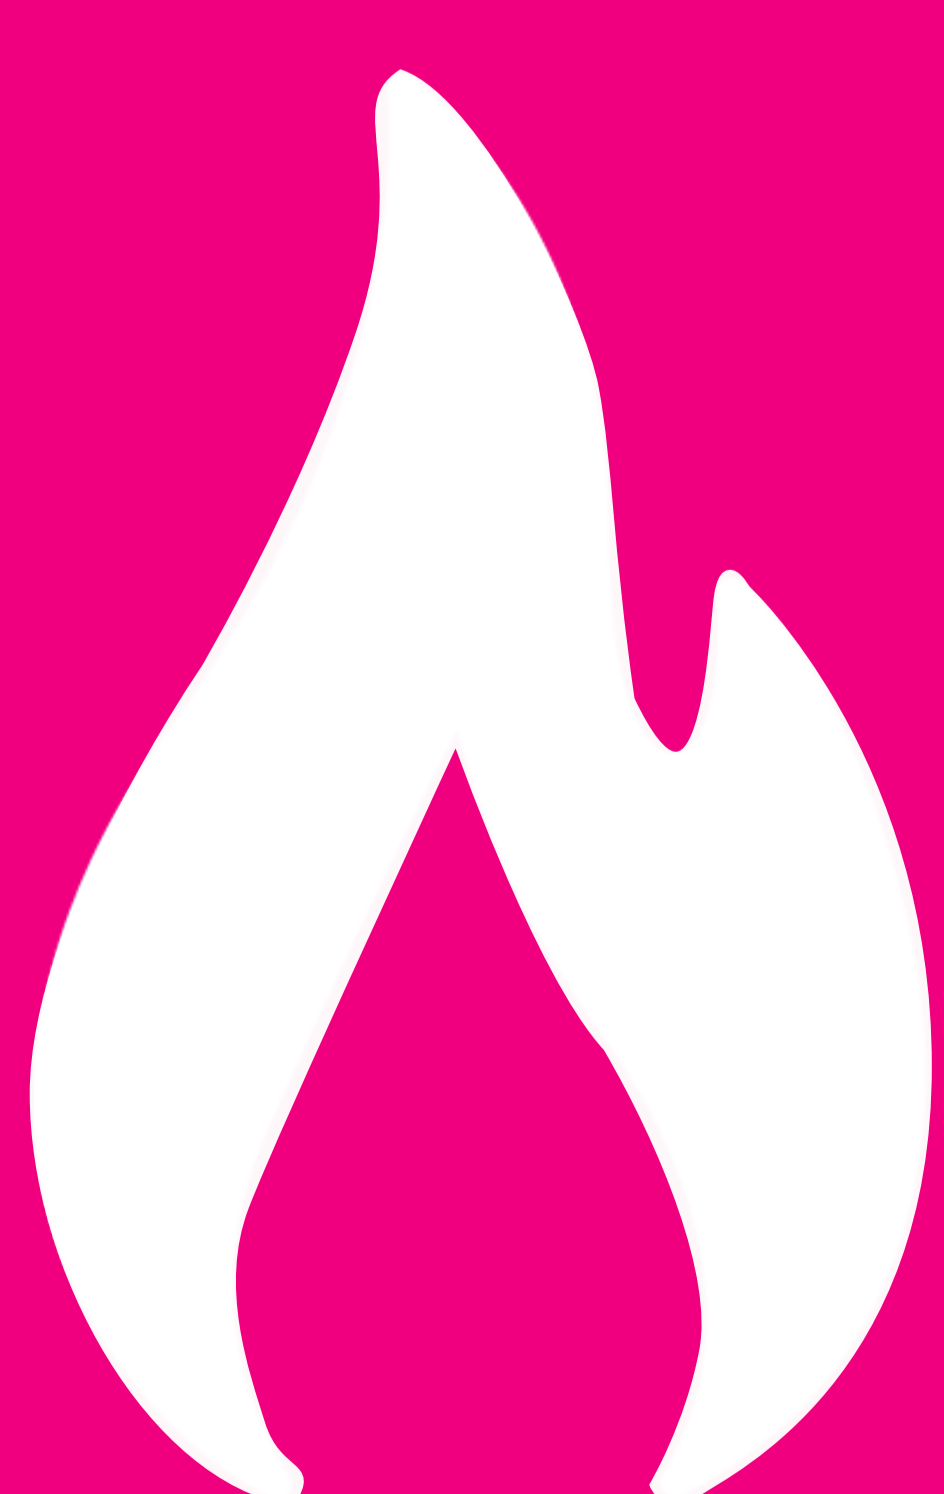

Fully Trained Staff

Our friendly, experienced install crew are fully trained and we are accredited by the Safe Contractor scheme for health and safety management.

Accreditations

All our products and services are ISO certified (9001, 14001 & 45001) and audited every year.

Fire Safety

All materials used in the manufacture of our structures are fire retardant to European and US standards.
